INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners,
Terrebonne Parish Recreation District No. 4,
Dulac, Louisiana.

We have audited the accompanying general-purpose financial statements of Terrebonne Parish Recreation District No. 4 (the District), a component unit of Terrebonne Parish Consolidated Government, State of Louisiana, as of and for the year ended December 31, 2000, as listed in the table of contents. These general-purpose financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of Terrebonne Parish Recreation District No. 4 as of December 31, 2000, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2 to the financial statements, the District changed its accounting policy for the recognition of ad valorem tax revenues.

In accordance with Government Auditing Standards, we have also issued our report dated February 9, 2001 on our consideration of Terrebonne Parish Recreation District No. 4's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

NOTES TO FINANCIAL STATEMENTS**Terrebonne Parish Recreation District No. 4**

December 31, 2000

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Terrebonne Parish Recreation District No. 4 (the District) conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

a) Reporting Entity

The District is a component unit of the Terrebonne Parish Consolidated Government (the Parish) and as such, these financial statements will be included in the comprehensive annual financial report (CAFR) of the Parish for the year ended December 31, 2000.

The District has reviewed all of its activities and determined that there are no potential component units that should be included in its financial statements.

b) Fund Accounting

The government uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Fund Accounting (Continued)

Governmental Funds

Governmental Funds are those through which the governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities are accounted for through Governmental Funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following is the Governmental Fund of the District:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those that are required to be accounted for in another fund.

Account Group

An account group is used to establish accounting control and accountability. The District's Account Group is as follows:

General Fixed Assets Account Group - This account group is used to account for fixed assets not accounted for in proprietary or trust funds.

c) Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Ad valorem taxes and the related state revenue sharing (Intergovernmental revenues) are recognized as revenue in the period for which levied, thus the 2000 property taxes which are being levied to finance the 2001 budget will be recognized as revenue in 2001. The 2000 tax levy is recorded as deferred revenue in the District's 2000 financial statements. Charges for services are recorded when earned since they are measurable and available. Miscellaneous revenues are recorded as revenues when received in cash by the District or an intermediary collecting agency because they are generally not measurable or available until actually received.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c) Basis of Accounting (Continued)

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

e) Operating Budgetary Data

As required by the Louisiana Revised Statutes 39:1303, the Board of Commissioners (the Board) adopted a budget for the District's General Fund. The Board, as allowed by state law, does not obtain public participation in the budget process. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Board. The District amended its budget one time during the year. All budgeted amounts that are not expended, or obligated through contracts, lapse at year end.

The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - Governmental Fund Type - General Fund is presented on the budgetary basis to provide a comparison of actual results with the budget. The major difference between the GAAP basis and budgetary basis is that:

Revenues from ad valorem tax and the related state revenue sharing are recognized in the period for which levied, during the year ending December 31, 2001, (GAAP basis). Revenues from ad valorem tax and state revenue sharing are recognized at the time of levy, during the year ended December 31, 2000, (budgetary basis).

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e) Operating Budgetary Data (Continued)

The adjustments necessary to convert the results of operations for the year from the GAAP basis to the budgetary basis for the general fund are as follows:

	<u>Deficiency of Revenues Over Expenditures</u>
GAAP basis (as reported)	<u>\$(226,275)</u>
Adjustments:	
Revenues:	
Taxes	212,918
Intergovernmental	<u>7,118</u>
Total revenue adjustments	<u>220,036</u>
Budgetary basis	<u>\$ (6,239)</u>

f) Accounts Receivable

The financial statements for the District contain no allowance for uncollectible accounts. Uncollectible amounts due for ad valorem taxes and other receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operations of the funds.

g) Investments

Investments consist of certificates of deposit that are stated at cost and approximate market value.

h) Fixed Assets

Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. The Account Group is not a fund. It is concerned only with the measurement of financial position.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h) Fixed Assets (Continued)

It is not involved with the measurement of results of operations. Public domain ("infrastructure") fixed assets consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, are not capitalized along with other fixed assets. No depreciation has been provided on fixed assets.

All fixed assets are valued at historical.

i) Vacation and Sick Leave

The District follows the vacation and sick leave policies of Terrebonne Parish Consolidated Government. Employees of the District can earn 96 hours or 136 hours of vacation leave, depending on their length of employment. Accumulated vacation leave is due to the employee at the time of termination or death. The vacation policy provides that employees are to take vacation within one year of being earned, with no carryforward provisions. Employees of the District earn 56 hours sick leave per year and are permitted to accumulate a maximum of 480 hours. Upon retirement, termination or death employees are not compensated for accumulated sick leave. There is no material accumulated vacation at December 31, 2000.

j) Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in the fund general ledgers, is not utilized by the District.

k) Memorandum Only - Total Column

The total column on the general-purpose financial statement is captioned "Memorandum Only" because it does not represent consolidated financial information and is presented only to facilitate financial analysis. The column does not present information that reflects financial position or results of operations in accordance with generally accepted accounting principles. Interfund eliminations have not been made in the aggregation of this data.

Note 2 - CHANGE IN ACCOUNTING POLICY

The District changed its accounting policy for the recognition of revenues from ad valorem taxes and the related state revenue sharing for the year ended December 31, 2000. Ad valorem taxes for the 2000 tax roll become due on November 15, 2000 and become delinquent on December 31. These taxes are levied to finance the budget for the 2001 year and will be recognized as revenue in 2001. The taxes levied are reported as deferred revenue as of December 31, 2000.

Accordingly, the change in accounting for ad valorem taxes and the related state revenue sharing had the effect of reducing revenue for the year ended December 31, 2000 by \$220,036. This accounting policy change was made because the 2000 ad valorem taxes are levied to fund the 2001 budget.

Note 3 - DEPOSITS

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States, certificates of deposit of any bank domiciled or having a branch office in the state of Louisiana or any other federally insured investment.

State law requires that deposits (cash and certificates of deposit) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and securities purchased and pledged to the political subdivision. Obligation of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision.

Cash and deposits are categorized into three categories of credit risk.

Category 1 includes deposits covered by federal depository insurance or by collateral held by the District or its agent in the District's name.

Category 2 includes deposits covered by collateral held by the pledging financial institution's trust department or its agent in the District's name.

Category 3 includes deposits covered by collateral held by the pledging financial institution or its trust department or agent but not in the District's name and deposits which are uninsured or uncollateralized.

Note 3 - DEPOSITS (Continued)

The year end bank balances of deposits and the carrying amount as shown on the combined balance sheet are as follows:

	Bank Balances			
	Category			Book
	1	2	3	Balance
Cash	\$ 10,923	\$ -	\$ -	\$ 9,381
Investments:				
Certificates of deposit	<u>100,000</u>	<u>-</u>	<u>50,000</u>	<u>150,000</u>
Totals	<u>\$110,923</u>	<u>\$ -</u>	<u>\$50,000</u>	<u>\$159,381</u>

At December 31, 2000, certificates of deposit in excess of the FDIC insurance were collateralized with securities held by an unaffiliated bank for the account of the District. The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities uncollateralized. Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 4 - PROPERTY TAXES

Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise and movable property located in the Parish. Assessed values are established by the Terrebonne Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A reevaluation of all property is required to be completed no less than every four years. The last reevaluation was completed for the list of January 1, 2000. Taxes are due and payable December 31 with interest being charged on payments after January 1. Taxes can be paid through the tax sale date, which is the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes. The tax rate for the year ended December 31, 2000 was \$6.79 per \$1,000 of assessed valuation on property within Recreation District No. 4 for the purpose of maintaining and operating recreational facilities within the District. As indicated in Note 2, taxes levied November 1, 2000 are for budgeted expenditures in 2001 and will be recognized as revenues in 2001.

Note 5 - DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units at December 31, 2000 consisted of the following:

State of Louisiana -	
State revenue sharing	\$ 7,118
Terrebonne Parish Tax Collector - December 2000	
collections remitted to the District in January 2001:	
Ad Valorem taxes	<u>174,305</u>
Total	<u>\$181,423</u>

Note 6 - CHANGES IN FIXED ASSETS

A summary of changes in fixed assets follows:

	Balance January <u>1, 2000</u>	Addit- tions	Adjust- ments	Balance December <u>31, 2000</u>
Land and buildings	\$273,693	\$ 3,994	\$480,371	\$ 758,058
Improvements - other than buildings	114,489	79,407	-	193,896

Construction in progress	<u>-</u>	<u>1,095</u>	<u>-</u>	<u>1,095</u>
Totals	<u>\$487,670</u>	<u>\$90,031</u>	<u>\$484,422</u>	<u>\$1,062,123</u>

Construction in progress relates to the relocation of a fence at the Four Point Ballfield.

Adjustments are the result of a physical inventory of land, building and equipment valued at historical costs.

Note 7 - LEASE COMMITMENTS

The District entered into an operating lease on May 18, 1994 for use of land for recreational purposes for a period of ten years ending May 31, 2004, for an annual rental of \$500. The District has the option to renew this lease for an additional ten year term for the sum of \$650.

Note 7 - LEASE COMMITMENTS (Continued)

The District does not have the right to assign or sublet this lease to anyone other than a public body who shall use the property for recreational purposes. Within 30 day after termination of the lease, the District shall remove any and all buildings and/or improvements placed on the premises. Failure to remove such items shall cause items to become property of the lessor without any obligation on its part. Rent expense for the District during 2000 was \$500.

Minimum annual lease payments that become due before the first day of June of each year during the term of the lease are as follows:

2001	\$ 500
2002	500
2003	<u>500</u>
Total	<u>\$1,500</u>

Note 8 - RISK MANAGEMENT

The District is exposed to various risks of loss related to general liability, workers' compensation; torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and group health benefits for which the District carries commercial insurance and also participates in the Parish's risk management program for general liability, workers' compensation and group health. No settlements were made during the year that exceeded the District's insurance coverage. The District's premiums for general liability are based on various factors such as operations and maintenance budget, exposure and claims experience. The premiums for workers' compensation are based on a fixed percentage of payroll. The premiums for group insurance are based on a fixed rate per employee. The Parish handles all claims filed against the District. The District could have additional exposure for claims in excess of the Parish's insurance contracts as described below:

<u>Policy</u>	<u>Coverage Limits</u>
General Liability	\$6,500,000
Workers' Compensation	Statutory
Group Insurance	\$1,125,000

Note 8 - RISK MANAGEMENT (Continued)

Coverage for claims in excess of the above stated limits are to be funded first by assets of the Parish's risk management internal service fund, \$60,594 for general liability and workers' compensation and \$1,902,633 for group insurance at December 31, 1999, then secondly by the District. At December 31, 2000, the District had no claims in excess of the above coverage limits.

Note 9 - POSTRETIREMENT HOSPITALIZATION AND LIFE INSURANCE BENEFITS

The District provides for the payment of hospitalization and life insurance premiums for its one retired employee. The District also provides for dependent coverage for its retired employee. The cost of providing this benefit is recognized as an expenditure as premiums are paid. For the year ended December 31, 2000, those costs amounted to \$5,347. Future liabilities under the District's plan for potentially eligible employees are dependent upon the age and length of service of those employees. The average employee age and service years are not available.

Note 10 - COMPENSATION OF BOARD MEMBERS

The following amounts were paid to Board Members for the year ended December 31, 2000:

<u>Board Members</u>	<u>Number of Meetings Attended</u>	<u>Per Diem</u>

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER
FINANCIAL REPORTING BASED ON AN AUDIT OF GENERAL-
PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners,
Terrebonne Parish Recreation District No. 4,
Dulac, Louisiana.

We have audited the general-purpose financial statements of the Terrebonne Parish Recreation District No. 4 (the District), a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2000, and have issued our report thereon dated February 9, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's general-purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of

one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.

This report is intended for the information of the Board of Commissioners, management, the State of Louisiana and the Legislative Auditor for the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties.

99 - 1 **Suggestion** - We recommended that the District begin treating its contribution to the Louisiana Employees Deferred Compensation Plan (the Plan) on behalf of the employee as additional compensation and report it as social security and medicare wages and withhold the necessary taxes. We also recommended that the District amend its 1999 payroll reports (941's, W-2 and W-3) to reflect the employee's additional compensation.

Management's Corrective Action - The District amended its 1999 payroll reports to properly reflect the Plan contribution as social security and medicare wages and pay the taxes owed.
